Chorus Contest

The 5th Chorus Contest at Kosei on Saturday January 29th was the culmination of months of intense practice. It proved to be a very exciting event, with extremely high-level performances from both the junior and senior high school students.

In the junior high section, the 7th graders proved that they were able to compete with the older students without any problem. While they had a slight advantage over the other grades in terms of sheer numbers (big classes), their performances were very expressive. This clearly won over the judges as they took second and third prize with "Hanataba" (1-2) and "Cosmos" (1-1) respectively. The first prize went undisputedly to 3-2, who performed "Asu e no tobira", as well as The Carpenters' "Top of the World", with dedication and musicality. Their free song, especially, was a real treat, displaying the wide range of the class' musical ability, in the full chorus sections as

well as the solo section towards the end of the song. 3-2 also managed to pick up the "Best Conductor" award (Marie Mizuno). "Best pianist" went to the Mayu Nishizaki from 3-1. Congratulations!

The senior high section was equally thrilling. The 2E girls – who had just come back stunned everyone with their performance of "with you smile" and got a well-deserved first prize! They mirrored the best junior high class in also capturing the "Best Conductor" award (Ryoko Goto). The second prize went to 2B, who sang "Michi", and the third prize was for "Anata e", in a very moving performance by the 1A class, with Nako Miyamura on piano, who got the "Best Pianist" award. Congratulations!

Karen wins the 2nd Prize

The Setagaya Ward Speech Contest was held at Dennencyoufu Futaba Junior Senior High School two weeks ago on Saturday, February 19th. Three Kosei students did extremely well. They had all been practicing for many weeks and it showed during the contest. First was Yuuri Hayashi with her recitation of 'Rose Parks'. Next came Karen Shiose, who recited 'Texan in London' Yuria Aoyama was next with her aunt disability. Karen Shiose got second place among 21 junior high students. Congratulations! The two other girls also gave excellent performances and made their teachers proud. The year last we had Yui chosen as the second place and last fall Saori got the 5th prize, too. We are looking forward to the next contest and encourage any students interested to volunteer and challenge themselves.

Speech Contests

Seventh graders gave a speech on their first year at Kosei. Many of the students had interesting memories with many recalling the school festivals and the trip to Oume as highlights. The speech final was of a very high standard with Karen Shiose winning overall. Miyu Suzuki was second, and Eriko Noguchi was third. A special mention must also go out to Madoka Sugimoto, Sayuka Kashiwagi, Tomoka Kitamura and Kozue Nakajima who gave it their all and shared fourth place. Shiori Furuta, Emiko Shiokaki, and Momoko Suzuki got class honors.

The eight graders were again of a high standard with all the girls who participated in the final giving their all and making it very hard for the judges to decide the winners. This year it was decided that the students would give a book report. The overall winner was Aki Sakuramoto. Second place went to Saori Takechi who was closely followed by Yuuki Besho, then Ayano Mibu and Marika Miyasako. The class honors went to Sakino Hiraga from 2-1 and Yuri Nakaya from 2-2.

The ninth graders gave a speech on their memories from junior high school and about their hopes and dreams for the future. In second place was Yuuri Hayashi, followed by Aina Hirano and Natsumi Tani who shared third place. Class honors went to Haruka Ichikawa, Yuuki Watanabe and Misaki Omata .

中3は中学の思い出や将来の夢を発表しました。NZ旅行のファームステイは特に良い思い出になったようです。将来に向けて思いをしっかりと語った生徒もいました。1位は水野真里江、2位林優里、3位平野愛奈と谷菜摘、敢闘賞に市川春奈、渡邊由規、小俣美咲が選ばれました。

Immersion Art

Grade one have been working on character designs this term. This project involved them using a range of skills - starting with observational drawing of everyday objects and progressing to 3-D Design. They learnt how to think creatively and work with clay as a material. This gave students the ability to develop ideas visually as well and begin to understand the limitations and possibilities of materials.

中1の美術はキャラクターデザインで、紙粘土の性質を生かして身の回りの物を形にしていく技術を学びました。

Grade Two's project this term was to create textile patterns and designs for bags. Using a process of cutting and stenciling they are learning how to use a basic printing technique to realize a two dimensional design. We have encouraged them to think about color combinations, reviewing color mixing from grade one, and how to use pattern, symmetry and balance in their designs.

中2は布袋に自分で描いた図形を載せて染めました。中1で学んだ色使いを駆使し、図形の配置の工夫を学習しました。

This is the final term for Grade Three students. They worked very hard on their "Memory Album" project. Using collage, painting, drawing and a pop-up technique they created a record of their art work from grade one to three. This was a great chance for them to reflect on what they had learned. All of the students were also able to use English in their Albums, reflecting a truly International outlook.

中3は最後の作品に思い出帳を制作しました。コラージュ・絵画・線画・ポップアップ技術を交えながら中1からこれまでの作品の集大成にし、学習した内容の振り返りにもなりました。出来上がったものはNZへの修学旅行の絵や英文の頁もありイマージョン美術らしい作品になりました。
