[問題 B] 対話を聞き、表の 1～5 に入れるべき種目名を選択肢から選んで、記号で答えなさい。対話は二度流します。

S: Hi, Mina. We must decide the timetable of our sports day.

M: Yes, Stefan-sensei. The students should know it by next week.

S: I think the relay is the most exciting event, so it should be last.

M: I agree. Shall we put the one hundred-meter race before that?

S: No. They are similar events. The one hundred-meter race should be the first event of the day.

M: But the sports day starts early in the morning, so students may not be ready.

S: Then, let's put the dance performance first, just after the warm-up exercises. And then, we will have the one hundred-meter race.

M: OK, shall we put the egg-and-spoon race after the one hundred-meter race?

S: That's a good idea. Isn't it exciting to have our sports day with students' families, because we didn't have any audience last year?

M: It sure is. I hope it will be a fine and warm day.

S: Oh, I almost forgot the ball-toss game by the parents.

M: Let's put it between the dance performance and the one hundred-meter race.

S: Yes, let's.
